Please find below and/or attached an Office communication concerning this application or proceeding.

The reply filed on 9/7/2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): This is because the originally elected and examined claim 19 was directed to the method of use of BCL6 polypeptide and newly amended claim 19 is directed to a method of use of DNA encoding said polypeptide, which is an entirely different and patentably distinct invention. Applicant is advised to file claims directed to the originally claimed invention in response to this office action. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
